Tala & David,

Thanks for your comments on the POPs listing proposal for Dechlorane Plus. Laura drafted the USG position paper & received OGC comments, some of which would be helpful to have your input. I flagged these comments with your names. See Ex. 5 Deliberative Process (DP)

Laura noted EPA will need to have this position paper finalized by the end of next week, so any insights you can provide by then would be appreciated.

Also attached, for your reference: the listing proposal with your initial comments.

Thanks,

Stephanie Griffin
